## SUMMARY

---

Full stack developer with expertise in Java. Completed a Full Stack Web Development course, building proficiency in front-end and back-end technologies. Passionate about problem-solving and eager to contribute in a dynamic environment.

## SKILLS

---

- **Frontend Technologies:** HTML, CSS, JavaScript, React.js
- **Backend Technologies:** Java, Spring Framework(Spring-boot, Spring MVC, Spring AOP), Microservices
- **Database:** MySQL
- **Development Tools:** Eclipse IDE, IntelliJ IDEA, Maven, Postman, Git

## PROJECTS

---

### Order Management System with Courier Integration

- This project is a **Spring Boot-based Order Management System** designed to streamline the process of handling customer complaints and product rectifications. Users can submit detailed information regarding their product issues to the service center, where the data is securely stored in the database. Upon successful submission, a unique **complaint ID** is generated and provided to the customer. This ID allows customers to track the status of their product throughout the rectification process.
- Additionally, the system is seamlessly integrated with a **courier** partner, enabling customers to track their product shipment using a provided **tracking ID** after the rectification process is complete.
- The **microservices-based architecture** ensures seamless communication between components, enabling efficient **REST API interactions** between the system and the courier service.

### E-Commerce Website

- Developed a dynamic e-commerce web application using **React.js**. Implemented key features like product listing, search, filtering, sorting and cart management.
- Designed a responsive and intuitive UI using **CSS** and **Material-UI**. Optimized performance with lazy loading, React hooks, and efficient state management (**Redux**).

## EDUCATION

---

- |   |                    |
|---|--------------------|
| ◦ <b>Java Full-Stack Web Development</b><br>Besant Technologies, Bangalore  | <b>2024 - 2025</b> |
| ◦ <b>Bachelor of Computer Science (BSC CS)</b><br>Government Arts And Science College, Gudalur<br><b>CGPA – 8.3</b> | <b>2021 - 2024</b> |

## CERTIFICATION

---

**JAVA Full Stack Certification** - Besant Technologies
